

F-16

LICENSED COMPONENTS & DISTRIBUTION EXCLUSIVELY FROM UNICAL DEFENSE

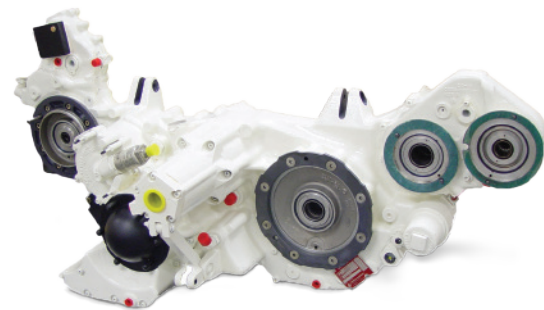

Unical Defense has manufacturing and global distribution rights for critical F-16 systems, providing assemblies, sub-assemblies, components and parts under the terms of license agreements with United Technologies Aerospace Systems (UTAS) that are direct replacements for legacy systems.

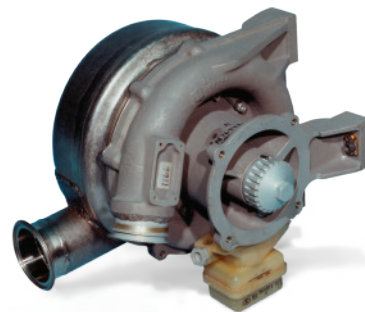

Unical Defense is the sole source for these UTAS-authorized components, and our life-of-program support includes Maintenance, Repair and Overhaul and Depot facilities.

F-16 ACCESSORY DRIVE GEARBOX (ADG) is a key component of F-16 electric power systems and is central to the function of almost every system on the aircraft. Unical Defense has ADG sub-assemblies, components and parts available with the reliability and perfect fit expected from the OEM-approved manufacturer. Licensed worldwide, including U.S. Government.

F-16 COOLING TURBINE AND TURBINE FAN ASSEMBLIES
The F16 A/B cooling turbine fan assemblies are built in strict adherence to OEM specifications. Licensed worldwide, including U.S. Government.

MILITARY AIRCRAFT SUPPORT

F-16, P-3, F-5/T-38, C-130, T-34, AV-8B, E-2, IDF
UH-60/S-70, CH-47, AH-64, AH-1W, TH-67

Strategic partnerships for supply chain management are essential for defense customers working to do more with less. Unical Defense is the partner of choice.
